Dear Friends and Business Partners

In addition to sending, you our warmest greetings and thanking you for your business efforts, as you know, to continue guaranteeing the quality and service of our beautiful hotel, we would like to inform you about the ANNUAL MAINTENANCE we perform in our retail areas and dining areas.

We know how important the satisfaction of our mutual customers is to both of us, so we ask you to take the necessary measures to make our future guests aware of this work.

We are focused on providing a clean and safe environment for all our children; therefore, we have made the necessary arrangements for the activities program to continue to take place in the Family Water Park and other areas where scheduled activities will be offered so that children can continue enjoying the contests, movies, and craft classes we regularly offer.

RESTAURANT AND BAR MAINTENANCE

The maintenance program includes work on furniture, bathrooms, air conditioning and kitchens, and general painting.

Note: It's important to mention that the slides area is undergoing partial work, not a complete closure. Work is being done on one of our two slide units, and once completed, work will begin on the other unit. This area is never out of service; the work season for this area will only be from **May 1st to May 30th of this year**.

All other areas and consumption centers remain as follow:
